SPLIT DRAW

Panel Blinds are the ideal choice for large windows or doors. They also make stunning room dividers in open plan living spaces.

Panel Blinds are versatile because the panels can be drawn and stacked either at one side of the window, (side stack), or at both, (split draw), depending on the space available.

When open, the panels stack neatly behind one another allowing maximum light to enter the room. Sliding the panels into the closed position creates a unique fabric screen that provides light control and privacy.

Inspired by minimalism, the track is super slim in design to subtly blend in and being a fully bespoke system you have the choice between the 3, 4 or 5 channel track.
